

10h – Large planters at the Precinct

A request has been received to relocate the two planters situated on the Precinct.

I have spoken to NEDDC and they have no issues with the movement of the planters.

NEDDC would not relocate the planters the Parish Council would be required to relocate them and make good of any holes left from the planters to ensure the surfacing is flat.

We have discussed this with the handymen and both have stated this could be done by themselves with little cost to the Council.
