I am a regular litter picker in Sheffield where I live. I also started litter picking with my partner during lockdown. I realised that we could do a much better job if we formed an Eckington litter picking group. I created Eckington Litter Pickers on Facebook and a WhatsApp group. Some people go out on their own and some come out with us as a group but either way we need equipment. Litter pickers and green bags are obtainable from the Council but it is the other equipment that we need to find funding for. There is a lot of support for our group's activities in the local community.
