I have instructed the staff to clear and clean the shower cabin ready for sale.

Staff have top soiled and seeded the large section dry earth of the new section where the new graves have been dug. I have purchased a long hose and sprinkler for this section so it can be watered thoroughly.

I have requested a quotation from Anderson Tree Care to complete the work needed on the high-risk trees.

No update from Cemetery of the Year yet.

### Equipment

The Honda mower needs a repair to the blade, the handyman went too far into the hedge line and hit a stone which damaged the blade. He did do an onsite repair so the mower could still be used that day, but it needs a professional repair.

One of the hedge cutters keeps cutting out, this could be down to lack of use and air being in the line somewhere, but I have arranged for this to be taken with the mower to be looked at.

Please see the attached spreadsheet for costs, this does not yet contain the repairs for the Honda mower and hedge cutter.
